Over the last 36 years, Denver Urban Gardens (DUG) has been championing the power of plants, the people who grow them, and the communities they nourish as we work towards our vision of a food system that is just and equitable for all, with universal access to fresh, healthy food and the knowledge and resources to grow your own.

Our signature fundraiser, Gather 'Round, has been a community tradition for the past 10 years, marking the end of harvest season and a time to gather together to give thanks for another bountiful year in the garden. This year's event will bring together more than 250 of DUG's diverse community members to sample local fare curated by James Beard-nominated chef **Dana Rodriguez**, be inspired by our keynote speaker **Stephen Ritz**, learn more about the impact of DUG around metro Denver, and of course boogie down on the dance floor with our live band.
